Senior Year with purpose

A Letter From The President

This year's Student Government (SG) Board set out with the goal not only to continue to represent the Student Body, but also to innovate new concepts and accomplish things differently. As a board we set out to make the best choices, not the easy ones. We listened to each and everyone of our fellow 'Canes, staying **True to You** because each 'Cane, whether it be a student, faculty, staff, alum or prospective 'Cane matters.

As a diverse and inclusive institution, it is our responsibility as Student Government to represent our constituents and work with the UM community in making a better U. Changes to our home don't happen overnight and don't happen because of one or two individuals. It is the collective work and dedication of the students, campus administration, faculty and staff, as well as Student Government that enables our ideas to become a reality.

A majority of the projects we worked on came from the student body. **Speaker of the Senate, Josh Zuchinarz** and **Speaker Pro Tempore, Henson Destiné** empowered Senators to better engage their constituencies with events such as *Find Your Senator* and tabling at campus events for suggestions on how to improve the community.

This year we removed the Chief of Staff from the Executive board and created several new positions to help work on the projects brought to Student Government with administration. First, the **Director of Academic Affairs, Kristin Cilluffo**, led the Academic Liaison Council (ALC), a new concept introduced to Student Government to work on the academic initiatives. On the other hand, anything not academic related was worked on by the Campus Liaison Council (CLC), which is led by the **Director of University Affairs, Quinn Kasal**. Both of these boards continued to strengthen our relationship with administration while executing projects to better our university. Additionally, we piloted a position called the **Director of Student Involvement, Ryan Donahue**, to keep tabs on the campus pulse and help bring together various student umbrella organizations and departments.

Within SG, **Executive-at-Large Internal, Coleman Reardon** instilled the idea of commitment through our annual SG wide retreat and motivating the members of SG with *Something Great* with SG. **Executive-at-Large, External Robert Renfro** and the U Outreach committee planned campus

VIKESH PATEL, PRESIDENT OF STUDENT GOVERNMENT

programming events such as our bi-annual SG Awareness Week, a night of comedy with Colin Jost from SNL, Spring Kickoff, and study breaks. The **Director of Communications, Avisha Gopal** and the Board of Communications, another new concept introduced to SG, kept students informed on our goals and initiatives through their constant outreach to the student body through social media.

Vice President, Ashley Pittaluga, and the Freshman Leadership Council (FLC) successfully completed almost all 10 projects, while also developing and learning leadership skills. By researching and collaborating with campus partners, FLC had the most successful year yet! **Treasurer, Morgan Owens** was able to expand upon the use of TIPAC this year to fund not only SG projects, but also all students fund new pilot programs for initiatives. **Rachel Jennings, Executive Secretary**, worked with the members of the Executive Board by ensuring they utilized the Google Drive to store project information and other SG material for future years to come.

Category 5 Chair, Kierin Mukerjee along with his team fought to take our spirit programming board to new heights working alongside the Athletics Department to continue old traditions and create new ones, such as Student Athlete Week. The **Energy Conservation Organization (ECO) Chair, Josh Lomot** implemented an outstanding amount of green changes at the U while spreading conservation awareness to students. Josh and his board also revived the Green Committee allowing more students passionate about the environment to work on projects.

Supreme Court Chief Justice, Devin Fitzgerald chaired the committee responsible for updating the elections codes. Thereafter, **Elections Commission Chair, Claudia Nunes** and her team implemented the new codes that were created, ensuring a smooth election year.

I am proud to say that SG, as always, has been able to work together to generate positive change. Our success in great part derived from the relentless support of UM administration, especially **Vice President for Student Affairs, Dr. Patricia Whitely**, **Senior Vice Provost and Dean of Undergraduate Education, Dr. William Green** and **Board of Trustees Student Affairs Chair, Barbara Hecht Havenick**. Furthermore, our advisors **Dean Ricardo Hall, Brandon Gross**, and **Heather Stevens** have been instrumental in our achievements. We are sad to see Dean Hall leave the U, but proud of his new position as the Vice Provost of Student Affairs of Lehigh University. Finally, even though we come from different places, it is important to remember that we need to continue to learn and work together to accomplish our goals and never forget, we are more than just a 'Cane Nation, we are a **'Cane Family**, where nobody gets left behind and or forgotten.

As we complete our term, I look forward to seeing the accomplishments of the "Unlimited" ticket over the coming year. I am confident that **Adrian Nuñez, Coleman Reardon**, and **Emily Bajalía** will continue the movement and enhance student life at the U!

COLEMAN REARDON, EXECUTIVE-AT-LARGE INTERNAL

Forward Letter

On behalf of Student Government, I would like to thank you for reading our Annual Report. Student Government is excited to give students and administrators a look at all of our work and experiences from this year!

People will often question, “What does Student Government do?” Or, “What has Student Government done for me?” In this report, we hope to provide you with details of all the projects and initiatives to which Student Government has contributed, this year that have helped better our UM community. We also hope to expand upon prior annual reports and continue the tradition

of providing written documentation that will aid future members of Student Government. It is our goal that future members use this report as a way to learn from past failures and build upon our many successes.

We hope you enjoy reading about the initiatives our Student Government members have worked on to enhance the student experience at the University of Miami. Please know that we look forward to connecting and working with you in the years to come and that our office, SC Suite 210A, is always open to you.

ESTABLISHED RELATIONSHIPS WITH 15+ DEPARTMENTS

ALC worked with over 15 different departments through the year.

SEND A TRANSCRIPT:

Working with the schools/ colleges to cover the fee to send a transcript for UM undergrad students to apply for the grad programs here at UM.

GUIDE APP:

SG was instrumental in creating the design and content of the new Guide app that all incoming students will be required to download.

TOPPEL GAP YEAR OPTIONS:

The Toppel Career Center and UM SG invited all students interested in UM graduate programs to explore and connect with different program representatives.

WORK CLOSELY WITH FINANCIAL ASSISTANCE

Helped improve the way in which they communicate to the student body and improve students' overall experience working with the office.

Freshman Leadership Council

Led by the Vice President, three Project Coordinators and a Leadership Development Coordinator, members of the Freshman Leadership Council gain hands-on experience in completing projects and initiatives to enhance student life on campus. They are paired into groups of two to work on a project throughout the year. They also learn a lot about leadership through various

activities as well as guest speakers from across campus. FLC is a great first step in getting involved on campus! Most importantly, FLC is a family! Not only is it a place where you'll meet people you would have never met otherwise; but you may find your lifelong friends and mentors. We work hard and have fun while doing it!

PROJECT LIST:

Ice Machines in the food court

Working with Dining and Auxiliary and CLC, this group worked to get an ice machine placed in the food court. We are excited to hopefully see this implemented for next year!

Healthy Food Options

The purpose of this project was to get healthier snack options across campus. Coming soon there will be healthy options in Outtakes from chips and guacamole to hummus!

SG Gives Back

This group planned 2 successful service events! They partnered with the Butler Center on the Hurricanes Holiday Toy Drive and in the spring they partnered with Athletics and Best Buddies for a successful event at a Sunday baseball game on campus.

Poncho/Umbrella Project

The purpose of this project was to help students when it inevitably rains in Miami. The idea that is

being worked on is to have umbrellas for check out at various buildings across campus. Stay tuned as this may be implemented soon!

Suite Treat

The 2nd Suite Treat event, where all the student organizations in the org suite were able to showcase their organization by providing different sweets to the participants.

UBazaar

This was also the second UBazaar which saw 6 vendors come to campus and sell their products. From jewelry to bikinis there were plenty of items to shop for!

Miami Discounts

The goal of this project was to centralize a list of all places near campus that offer UM student discounts. As this project comes to an end we are finalizing the locations and hope to introduce the list for the next academic year.

Fans at the Rat

This group has researched and found fans that will hopefully be put in place at the Rat soon. You'll be able to enjoy the outside gliders while staying cool!

Bike and Skateboard Safety

Working with CLC, the goal was to provide awareness on bike safety across campus. The group has started the process of researching whether or not it will be possible to get skateboard racks put in classroom buildings.

Freshmen Programming

This group put on 2 successful events for freshmen and students alike. In the Fall they provided breakfast for freshmen in Hecht and Stanford dining halls, which was a huge success. In the Spring, they planned a pool party for students to celebrate the end of the semester.

Board of Communications

The Board of Communications coordinates all external communications for Student Government. The goal of the board is to inform students of ongoing SG and administrative initiatives that impact the campus community. This board works to directly connect the student body to administration through strategic use of communication channels. Comprised of 6 members in the Fall 2016 Semester and 4 in the Spring 2017 Semester, this was the inaugural year for the Board of Communications.
