A LETTER FROM THE PRESIDENT

ADRIAN NUÑEZ
PRESIDENT

It's great to be a Miami Hurricane! What a great, yet challenging year it has been for Student Government. We faced adversity early in the semester against Hurricane Irma, but ultimately we returned more resilient and renewed than ever. In partnership with the Division of Student Affairs, we were glad to partner on the Relief Day of Service and our Welcome Back dinner. Although we lost twenty-one days, Student Government did not skip a beat. I am beyond grateful for our hardworking Executive Board and our exceptional Advisors who worked tirelessly to complete our campus initiatives and enhance our students' Cane experience. I am excited for the incoming Executive Officers and their team, and look forward to their successes in the coming year.

Go Canes!

FORWARD THOUGHTS

CELESTE BALBONI
EXECUTIVE-AT-LARGE
INTERNAL

This year the Student Government Executive Board worked to ensure that every Cane can answer the question: "What has Student Government done and continued to do for UM?" Throughout our Annual Report, you can see an overview of the projects and initiatives that answer this question. We also hope to expand upon prior annual reports and continue the tradition of providing written documentation that will aid future members of Student Government, as well as fellow students, administrators, faculty and staff. It is our goal that future Student Government members use this report as a way to build upon the many successes and learn from past challenges we've experienced as a campus organization over the years. We hope you enjoy reading about the initiatives our Student Government members have worked on to enhance the student experience at the University of Miami. We look forward to continuing to connect and work with many members of this community in the years to come. On behalf of Student Government, thank you for reading!

LYGC,

LEGISLATIVE BRANCH

Through the leadership of the Speaker, Speaker Pro-Tempore and the Council of Chairs, Senate used different methods such as social media, free food and tabling to reach out to students. They also helped co-sponsor several organizational events. Senate's hope was to explore initiatives that best encompassed student needs so that senators could more effectively do their jobs as student representatives. Even though the year is coming to a close, their jobs are not. Senate will continue to pursue and complete initiatives that they have started and start new ones as addressed in meetings. As representatives of the student body, Senate believes that they can help create the UM that students desire and deserve.
